Who we are

PotteryWorks is a studio/gallery space located in New Westminster that is supported by the Community Living Society. A collective of talented painters, potters and jewelers create original works of art for exhibition and sale. Some of the PotteryWorks artists receive support; others attend independently, each inspiring one another to reach their artistic aspirations. Working artists provide instruction for those who want to improve their skills and techniques. The artists of PotteryWorks exhibit their work at art shows and galleries around the Lower Mainland

River Market

In 2012, the artists at PotteryWorks Studio opened their first retail space in the River Market at the New Westminster Quay. Here artists have the opportunity to not only display and sell their works but also give demonstrations of how they paint their pottery. Those who choose can also learn valuable retail and customer service skills. The support from the community has been impressive. The community has welcomed our artists which in turn has made them feel more welcome in the community.

Art Shows and Exhibits

The PotteryWorks Studio displays their work throughout the year at many locations throughout the Lower Mainland. For a listing of current shows, sales and exhibits please visit our Facebook page—Pottery Works-Community Living Society.

The Community Living Society was founded in the 1970's by a group of family advocates who wanted individualized, community based services that would allow their children typical, inclusive lives. The CLS believes that all people have the ability and the right to fully participate in, and contribute to, their communities. We work with individuals and their family members to design the type and amount of support needed to help increase independence and realize dreams.
