

## My Money

Sometimes all of us need some help to manage our money. When you receive support from CLS we will ask you and your family or support network what help you would like. You might choose to have someone from CLS help you save money, pay your bills, or keep track of your receipts and your bank account. Or you might choose to do some or all of that that yourself.

We will ask you to sign a paper saying what kind of help you want. Even if you are getting help, you have the right to know how much money you have, and see the paperwork that keeps track of what you spend and what you get. You can ask to see this at any time, but at least once a month, you will be shown this paperwork.

If you have any questions about your money or how CLS is helping you to manage your money, you can ask the staff people who support you, or anyone else at CLS.
